Testimonials from Last Years Symposium

"I learned the power of the campus network and I was able to meet so many new people from campus. It made the campus seem less intimidating and more collaborative."

"It was a reminder that *there is room for all of us*, and that as women leaders, we can be collaborative and competitive ~ all at same time. It was a reminder to not wait to be asked, but to step up to the plate if something needs to be said or get done."

"Excellent! Very educational and relevant."
"Enjoyable, informing, and makes me feel better connected to other women."

"Fantastic! A very worthwhile investment of my time into my professional development. Probably the best conference/ symposium that I have been to in the past 5 years."

"Wonderful and informative. We will appreciate more such women networking seminars."
